RE: SWQA 2024 FOF Annual Report

To Chief Supreme Tlaloc Tom Calvin and the Supreme Board of Directors, I respectfully submit the following Annual Report on behalf of the Southwest Quetzalcoatl Association.

The SWQA has grown significantly since it was re-established in April of 2023. Since the 2023 FOF, we have added (5) additional Teocallis into the Association bringing our total to (13), with (3) being under dispensation. We are looking forward to adding a Teocalli in Arkansas in the coming months as well as exploring additional possible Teocallis in Texas. I would like to expressly recognize James Sims, SWQA Past Chief Camaxtli and David Ashley, SWQA Chimalma and Supreme Teocalli Expansion Committee Vice-Chairman for all their hard work on productively expanding our Association.

Our Mid-Year Meeting was held in Bossier City, LA on March 7th – 10th, 2024. There were (88) Warriors in attendance and (17) members received their Artisan Degree. There was 100% participation of our member Teocallis. Both the Board of Directors Meeting and the Stated Business Meeting had a full agenda and were conducted well by our Chief Camaxtli James Sims. The Louisiana Boys know how to throw a party! From all accounts, everyone had a great time!

The SWQA launched its new webpage, increasing its effectiveness for our members and is open to all members of the Order. The SWQA Events registration is but one of the features of the site. The site domain is southwestqa.org and the link is posted on the Supreme Website.
